What is a “Super CE” Program?

“Super CE” is a combination of 2 approved Continuing Education (CE) courses comprised of:

- A 1-hour instructor-led classroom course; *and*
- A correspondence/self-study course that provides up to 21 hours of state insurance CE and 5 or 10 hours of professional designation CE (Please note that credits for each course will vary by state.)

“Super CE” is designed to expand advisors’ knowledge on a specific subject and prepare them to take the correspondence/self-study course examination.

By participating in “Super CE,” advisors are generally able to earn more CE credit for the time they invest than would otherwise be available through participation in traditional classroom and online offerings.

How a “Super CE” Program Works

Prior to the “Super CE” program, advisors will pre-register online and download the approved correspondence/self-study course materials. Advisors are required to read and review the course materials before attending, to prepare for the examination given at the conclusion of the program. In order to receive CE credit, advisors must receive a passing grade of 70% or higher on the examination.

Note: The state of New York requires that advisors must receive the course materials at least 7 days prior to the examination.

Why “Super CE” Adds Value

- Showcase instructors’ knowledge, presentation skills and sales ability
- Position your company’s strategy, product solutions and value-added programs
- Assist advisors in meeting their mandatory CE requirements
- Increase meeting attendance and leverage your time
